Dear MTMS Families:

The Johnson County Department of Health and Environment notified us that an individual in our school is presumed positive for COVID-19, but your child was not around this person. **You do not need to take any additional precautions at this time.**

However, COVID-19 is circulating at high levels in our community and everyone should be washing their hands with soap and water frequently, wearing a mask in public, and maintaining 6 feet of physical distance to prevent its spread. This is especially important because people can spread coronavirus before they start feeling sick.

Symptoms of COVID-19 include, but are not limited to, fever, cough, loss of smell and/or taste, chills, fatigue, loss of appetite, shortness of breath, muscle aches, chest pain, headache, diarrhea, nausea, vomiting, abdominal pain, sore throat, and runny nose. If your child develops symptoms of COVID-19 disease during the next 14 days, please notify your health care provider.

For current information and facts regarding COVID-19 in Kansas, refer to KDHE's COVID-19 webpage at: <https://www.coronavirus.kdheks.gov/> or the Johnson County Department of Health and Environment website at: <https://www.jocogov.org/coronavirus-covid-19-update>

Sincerely,

Melissa Hansen,
Principal
MTMS
